

Trails

(technical specification)

J14

3- **The large beams** are 21mm thick panels made up of alternating layers of birch and pine. The surface is coated with a film of anti-slip phenolic resin.

4- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

5- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
