

Furniture (bench, waste bin, shelter...)

(technical specification)

J605

1- **The coloured panels** are made from a 13mm thick compact material (HPL). Robust in construction, it has excellent weather and vandal resistance properties.

2- **The table and the seats** are 21mm thick panels made up of alternating layers of birch and pine. The surface is coated with a film of anti-slip phenolic resin.

3- **The 68mm square posts** are made of laminated timber, which have not been treated with chrome or arsenic. Splinter-free, the laminate provides great strength and dimensional stability. The posts are protected from wear and tear caused by fungi and insects.

4- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
