

Rotating equipment (technical specification)

J2403

1- **The coloured panels** are made from a 13mm thick compact material (HPL). Robust in construction, it has excellent weather and vandal resistance properties.

2- **The platform** is made from a 12.5mm thick textured and non-slip compact material (HPL).

3- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

4- **The post** is made of painted galvanised steel, ensuring robustness and durability.

5- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
