

## Wooden trail (technical specification)

**JPS10-J**

- 1- The vertical 95mm square post** are made of laminated timber, which have not been treated with chrome or arsenic. Splinter-free, the laminate provides great strength and dimensional stability. The posts are protected from wear and tear caused by fungi and insects.  
The posts are protected by injected polyamide caps.

- 2- The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
