

Wooden trail

(technical specification)

JPS11-S

1- The vertical 95mm square post are made of laminated timber, which have not been treated with chrome or arsenic. Splinter-free, the laminate provides great strength and dimensional stability. The posts are protected from wear and tear caused by fungi and insects.
The posts are protected by injected polyamide caps.

2- The tubes are made of 34mm diameter galvanised steel.

3- The fixings are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
