

Rotating equipment

(technical specification)

J49142

1- The boards are made from sap free robinia (plank sizes: 22 / 27mm). The robinia is sanded and has had its bark removed. Robinia is naturally rot proof and does not require any additional chemical protection; it is equally extremely resistant to attacks from external sources (insects, fungi, climatic variations), guaranteeing the long term durability of the playground equipment.

2- The tubes are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

3- The fixings are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
