

DESCRIPTION

The 6503 set is a real treat for little explorers. It features an interesting, easy-to-navigate entrance in the form of a ramp, a tunnel, and a small slide as the culmination of the adventure. The manipulative panels encourage play and discovering the world through experience. Construction: load-bearing posts made from stainless steel pipes with a diameter of 76.1 mm.

Anchoring: directly in the ground. Roofs and safety panels: panels made from flexible high-pressure polyethylene HDPE (15 mm). Steel components: fittings and connectors made from stainless steel.
