

Trails

(technical specification)

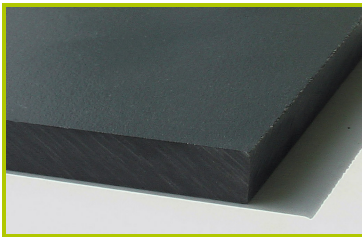

J5916

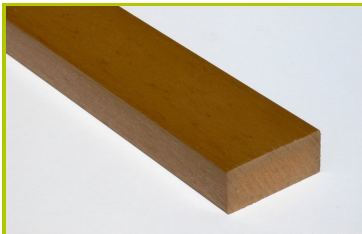

- 1- **The 125mm diameter posts** are made of painted galvanised steel. The grained finish has a slightly undulating surface for increased scratch resistance. The caps are made of rotary moulded polyethylene.

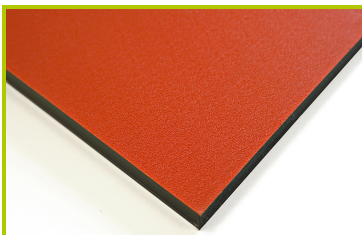

- 2- **The tubes** are made of 40mm diameter stainless steel, guaranteeing lasting durability and reliability of the equipment.

- 3- **The coloured panels** are made from a 13mm thick compact material (HPL). Robust in construction, it has excellent weather and vandal resistance properties.

- 4- **The footrests and fingerrests** are made of composite wood (slats of 70 x 30 mm), which is a chip and split resistant waterproof material with UV protection.

- 5- **The steps** are made from a 18mm thick, non-slip polyethylene material.

- 6- **The fixings** are made of stainless or plated steel and protected by anti-vandalism polyamide caps.
